✿ The pond of Condeau (A)

The circuit runs along the edge of a private pond at Condeau (do not enter the property). If the Plateau de Millevaches is often spoken of as France's water tower because of the many rivers that flow from it, it is also rich in a multitude of ponds. All artificial, they have been created by man, who has most often dammed a stream at the end of a wetland, mainly for fishing.

✿ Chaleix Wood (B)

The Bois de Chaleix, with a ground area of about 150 ha, was acquired recently by the commune of Bugeat. Bordered by the Vézère river, it is composed of deciduous and coniferous trees. It offers many possibilities for sporting activities: hiking, orienteering, trail running, fishing and archery.

✿ Espace 1000 Sources (C)

The circuit starts near the Espace 1000 Sources stadium, a training centre that welcomes groups of sports enthusiasts who love the great outdoors. Behind this centre is Alain Mimoun, winner of the Sydney 1956 Olympic Games marathon, who had fine-tuned his preparations in Bugeat.
