

The Devil's Rock

Gorges et plateaux de la Haute-Dordogne - Ussel

(CC HCC)

From the Ponty site, this is a shady circuit beneath the trees that continues along the Diège river.

This circuit is part of the FFVélo Haute-Corrèze mountain bike base, the largest mountain biking area in France with 1000 km of marked circuits. From the same starting point, the most sporty can follow it with the "La Ronde des Moulins" circuit. This circuit includes some technical passages. Ideal for a family practice with children who want to progress.

Puy de Sancy (A)

An amazing viewpoint overlooking the highest volcano in metropolitan France, the Puy de Sancy. At 1,885 metres above sea level, this summit is the highest point of the Massif Central. The two streams, the Dore and the Dogne, originate there, and their confluence forms the Dordogne.
